

Aged Care Care Management

Broome
Regional Aboriginal
Medical Service

CARE MANAGEMENT

is a mandatory service that includes on-going care assessment, planning and coordination. This ensures the services you receive meet the needs and goals identified in your Care Plan.

Every Home Care Package, including those being self-managed will require some level of care management.

APPROACH TO CARE MANAGEMENT

BRAMS is dedicated to delivering person centred Home Care Services, to enhance the quality of life of Aboriginal and Torres Strait Islander people living in the Broome Region. We will partner with you to understand your goals and support you to live life to the full, and keeping you connected to those/what is important to you.

Working together our team will listen to you and help you develop a tailored care plan focused on your preferences, goals and assessed needs for enriching your health and wellbeing.

Your Case Manager will regularly be in touch to ensure the services you receive continue to be timely, appropriate and to review your care plan with you.
